

Treat Bag Toppers

Make Easter treats extra sweet!

Crafter level: Beginner

Time needed: 5 minutes (per topper)

What you'll need

- Card stock paper
- Stapler
- Craft knife or scissors
- Small cello bags (can be found in the baking section at your craft store)
- Candy or cookies

How to make it

1. Print provided templates on a card stock paper. Use your craft knife or scissors to cut out the shapes.

Tip: Score your fold lines before folding for a sharper crease.

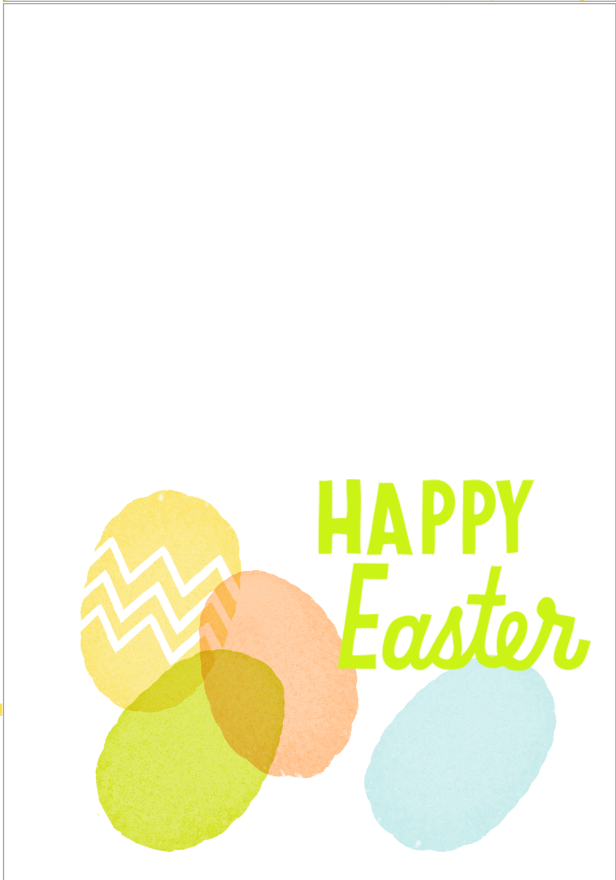

2. Fill your small cello bags with candy or cookies. Fold your topper along the score line and line up across the top of the bag. Use your stapler to attach the topper, stapling the bottom left and bottom right corners down.
