

# Framed Leaves

*Make art out of the wonders just outside your door.*

## What you'll need

- Frame
- A handful of lovely leaves
- Textured fabric
- Glue

## How to make it

1. Use a color copier to reproduce your chosen fabric—the paper will lie more smoothly under glass. Cut to fit the frame opening. Place a coordinating leaf onto the paper and stick it in place with a small amount of glue.
2. Allow the glue to dry and place the finished artwork in the frame. Hang from a hook anywhere in your home that could use a hint of the season.
