

Instructions for the full color snowflake:

1. Print out and trim off all the white edges so that you have a perfect square.
2. Fold your square in half along the gray line marked "A", and then in half again along the line marked "B".
3. Now carefully fold along the line marked "C".
4. Finally, use a pair of scissors to cut along the dotted lines marked "D".
5. And remember, if it doesn't come out just perfect, you can always remind people that not all snowflakes are alike... especially this one.
