

Penalty and Challenge (and Snack) Flags

Here are instructions and materials you'll need to make 10 flags of each color: yellow penalty flags (shown) and red challenge flags (not shown).

Crafter level: Easy

What you'll need

- 2½ yd. each of solid red and solid yellow fabric, or 10 red and 10 yellow cloth napkins
- Rotary cutter, ruler and cutting mat
- Ribbon or small hair bands
- Small candies or nuts

How to make it

1. If using fabric, cut each piece of fabric into 18-inch squares using the rotary cutter, ruler and mat. If using cloth napkins, skip to step 2.
2. Add a handful of nuts or candies to the center of each square and secure with the hair bands or ribbon. If you're using ribbon, tie it into a bow, not a knot, so guests can access their treats easily.
