

Wrap Happy

What you'll need

- Flip-flops
- Embroidery floss (we used 1 skein each of 4 different colors)
- Ruler or measuring tape
- Scissors
- Fabric glue
- Waxed paper
- Binder clips

How to make it

1. Cut 30-inch-long pieces of each color of floss and knot all of the pieces together at one end. Repeat this step 3 more times so you have 4 groups of 4 colors each.
2. Take the first flip-flop and place 1 set of knotted strands on the underside of the strap—just to the left of where the strap splits. Pull one strand of floss out from the group and begin wrapping it around the strap evenly. Try to cover the knot and other strands underneath the strap as best as you can while you wrap. After you've wrapped the first color about 10 times, pull out the next color and wrap twice.
3. Then, pull out the third color and, again, wrap about 10 times. Then wrap the second color again twice. Repeat this pattern with the fourth color too.
4. Continue in this manner until you reach the end of the strap. Trim the threads and hold them in place while you glue the ends together with the fabric glue. Wrap the glued ends with a small strip of waxed paper and then attach a binder clip to hold everything in place while it dries.
5. Repeat steps 3 and 4 on the right side of the strap, and then repeat both steps again for the remaining flip-flop.
