

HOW TO MAKE A DIY FLOWER CROWN

WHAT YOU'LL NEED:

CHOOSE YOUR FLOWERS AND GREENERY.
TAPE YOUR GREENERY FIRST TO YOUR CROWN.

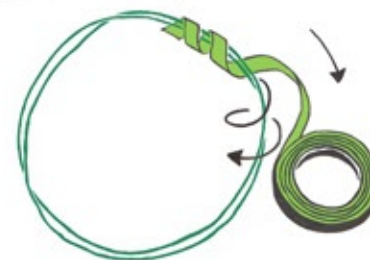

WRAP WIRE AROUND YOUR HEAD TWICE TO SEE HOW LARGE YOU WANT YOUR CROWN TO BE AND WHERE YOU WANT IT TO SIT...

... THEN SNIP THE WIRE BUT LEAVE A BIT OF EXTRA WIRE TO TAPE THE ENDS TOGETHER.

TAPE THE ENDS TOGETHER WITH YOUR FLORAL TAPE. WRAP THE TAPE MULTIPLE TIMES THEN CONTINUE WRAPPING AROUND THE WIRE.

IF YOU STRUGGLE WITH FLORAL WIRE (WE ALL DO SOMETIMES!) YOU CAN ALSO USE GREEN DUCT TAPE.

ADD FLOWERS TO THE CROWN, BUT BE SURE TO LEAVE ABOUT THREE INCHES OF THE STEM SO THAT YOU CAN TAPE IT DOWN SECURELY.
