

1. Fold the sheet in half horizontally.

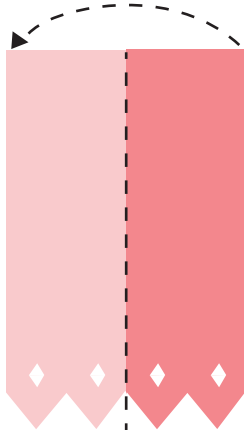

4. Fold the sheet up just above the tops of the triangles and snip two small triangles inside the big ones. Unfold.

2. Fold in half again.

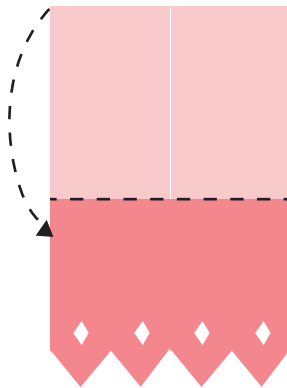

5. Unfold again.

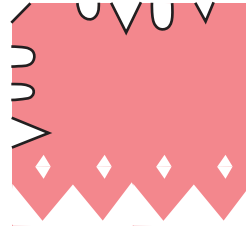

3. Cut two triangles at the bottom.

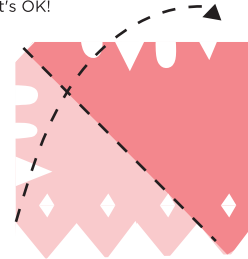

6. Fold the top half down.

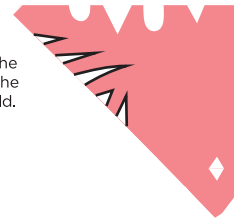

7. Cut out the shapes long the left and top edges.

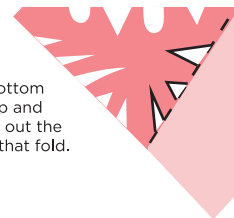

8. Fold the bottom left corner up to meet the top edge. The corners won't meet exactly—that's OK!

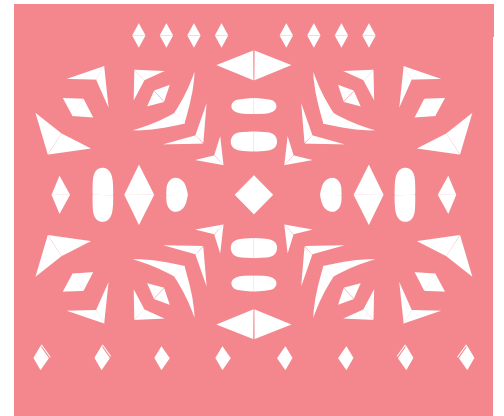

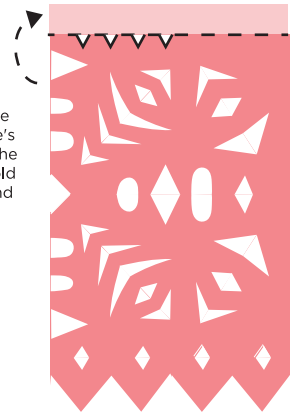

9. Cut out the shapes on the diagonal fold.

10. Fold the bottom right corner up and under and cut out the shapes along that fold.

11. Open it most of the way back up so there's only one fold down the middle remaining. Fold the top edge over, and cut out four small triangles.

12. Voila! Unfold the whole thing. Punch two small holes at the top corner to hang—or glue the top down along a string.

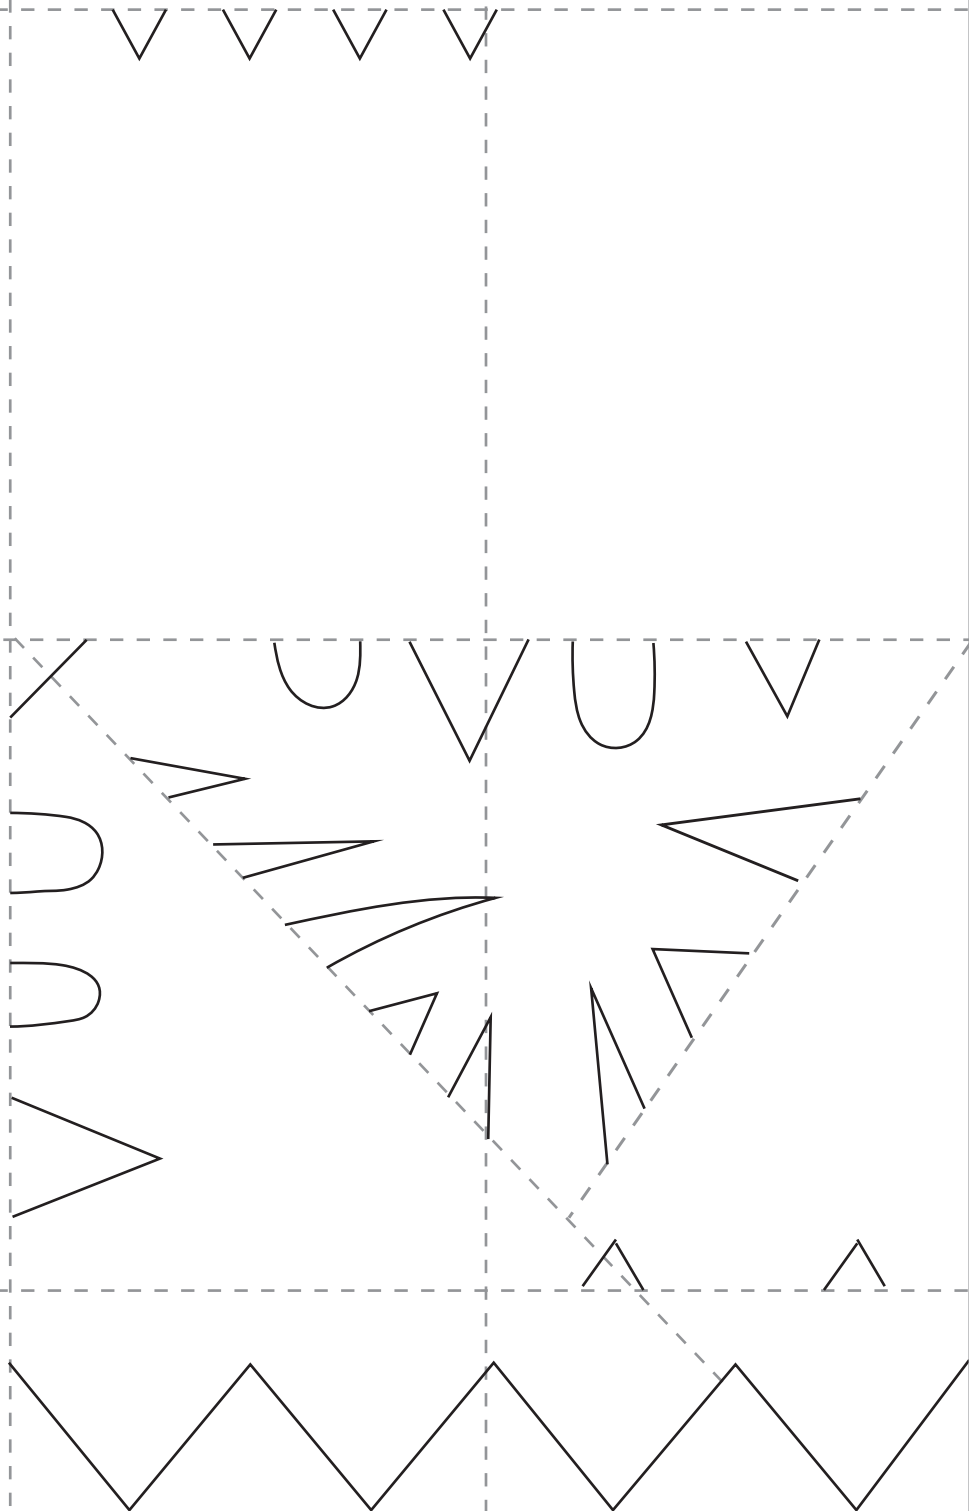

BANNER PAPEL PICADO INSTRUCTIONS

- Print the template. Trim about a half-inch off each short side to get an 8 1/2 x 10 inch template.
- Cut tissue or plastic table cover to fit template. (Cut one sheet for each banner you want to make.)
- For your first sheet, place one piece of tissue or table cover over the template so you can see the fold and cut lines. After you get the hang of it, you can fold and cut multiple sheets of tissue at a time without using the template.

EXCESS TRIM

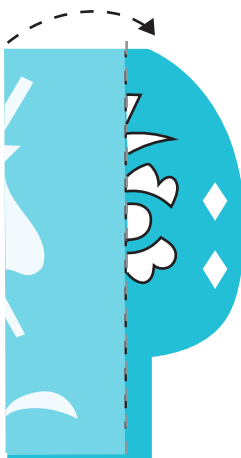

EXCESS TRIM

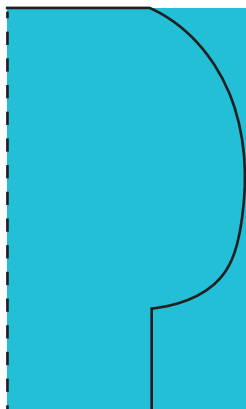

1. Fold the sheet in half horizontally.

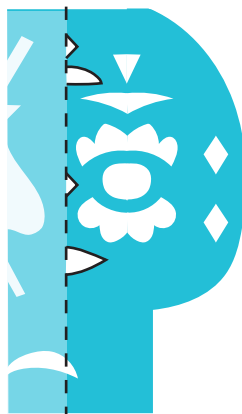

4. Make a vertical fold a little further in, and cut out the shapes on the template. Unfold.

2. Cut the skull outline along the open edge.

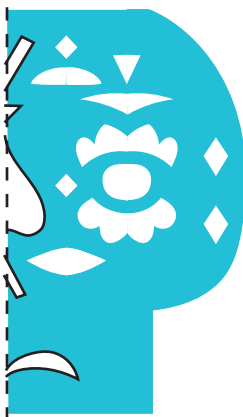

5. Make one more vertical fold closer to the center, and cut out the shapes on the template. Unfold.

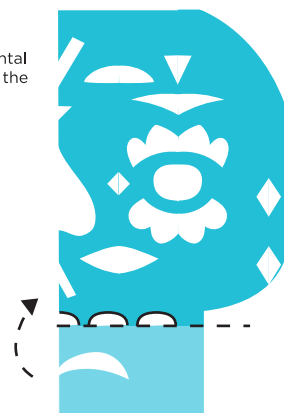

3. Make a short vertical fold along the right edge, and cut two little triangles. Unfold.

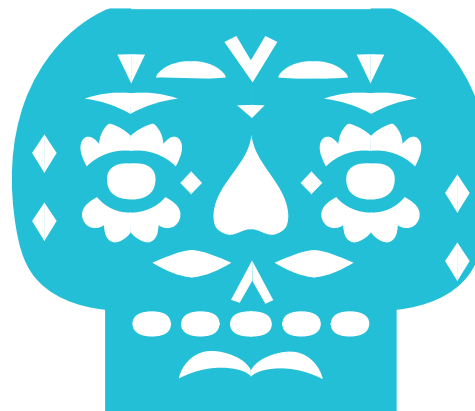

6. Cut out the shapes along the remaining folded edge. Don't cut the "teeth"—those are in step 7.

7. Make a horizontal fold and cut out the teeth.

8. Unfold the whole thing. Voila! Punch two small holes at the top corner to hang—or glue the top down along a string.
